FIGHTING FOR FREEDOM & DEMOCRACY

Like Spreading Manure on a Farm

So many Jews are out of the bag now. Everyday more and more we learn about their malfeasance. The Jewish Question is being answered on the Internet by growing legions of White People who are reaching a critical mass of awareness and beginning to say, 'Enough is Enough!!!'

In order to aid in this great work it is incumbent upon me to add my voice and add power to this awakening. Therefore I have been scribbling these DtRHs and encourage you to make copies of those editions which resonate with you and hand them to people who are like fertile soil in which ideas can grow and help to finally overcome the enemy of all life on Earth whose minions the Judaics are increasingly revealing themselves to be. They are precisely as Jesus of Nazareth said in many places in the New Testament of the Book. He and those scribes and editors who kept some of those precious words alive through the ages clearly indicated that there is a very dark essence in the Judaic soul; if indeed they have a soul. That is the question, isn't it? Does the Jew have a soul? Judging from their behaviour throughout history/herstory it appears questionable whether they are even human beings.

Jews believe that all of us, who are not believers in their psychopathic sophistry espoused in the Talmud, the Torah, and Cabala are 'animals in human skin.' The Jews call us, Goyim which means We Who Are Not Jewish can be lied to, cheated, robbed, and murdered in whatever way brings joy to the Judaic Sociopath. Ted Bundy liked smashing Shiksas; those being White Gentile Girls; mostly teenaged girls with long brown hair in his case, with a tire iron before he did things with the lifeless body. Ted did well over 30 or so before he was finally fried in Florida. Jeffrey Dahmer did things to human beings similar to what the White Afrikaaners and Boers are presently experiencing. However, Jeffrey kept his meat in the fridge, whereas the savages who are stealing the land in South Africa like their White meat rancid and crawling with maggots. What got that process underway in South Africa is Democracy. Democracy helped to spread the mind worms which ate up the brains of White People down there; just as it is doing everywhere else, and now a Communist government reigns supreme and everything is going to Hell in a rusty wheel barrow with squealing bearings pushed by cannibals.

Human beings who are White tend to have huge empathy for unfortunates; those being the retarded races who live in lands they could never develop or do much more than build grass and stick huts on, for example. Up here where I live, beavers can do that. White People, who have built pretty much everything of note on the planet, instinctively recognize their superiority but, being also highly sheepified by their superior culture of caring and millennia of social engineering by those wielders of power and control; places where Jews have prominently sat right from the get go, they took to the lie of Democracy thinking they actually had a say in the matter; not recognizing the fact that most of their opinions were decided for them by the Main Scream Jews; with their magazines, newspapers, radio, Tell Lie Visions and movies. What little opinions regarding the more important matters such as your future in Heaven, are largely also the ideas of others and very few form opinions of their own regarding their connection with their Heavenly Father; the Creator of the Heavens and the Earth. That is, if they even think on this idea, at all anymore. At one time, the relationship of Man with God and God with Man was the fundamental question and then questions arose why Judaics did not play the game with the same rules; the Golden one and the Ten Commandments and hence drove them out of the Christian nations the Judaics had infected.

Since Jews consider all the rest of us as animals, they think of the places where we live as farms. Does that not make sense? Of course it does. Gentiles/Goyim are herded with ideas and the one which is used like a manure to grow the Judaic Agenda is Democracy; an idea which is so ludicrous; so totally absurd it is every bit as crazy as the fertilizer known as Communism. Both ideas are used to herd the Goyim down various chutes and if they do not comply, they are tortured and killed; sometimes their blood is drunk in a diabolical orgy; Purim perhaps, and their organs devoured ravenously. Thanks to that awesome manure, Democracy, anything goes now and they are quite open about their natural propensity towards the worship of Lucifer and his henchman, Satan. Those fallen angels have deluded humanity through their now 17 million members who have infected all the halls of power throughout the Communist and Democratic countries of the planet. The most powerful of those Jews got there because they control the media, as I said. They also control the banks and they control the UN and its army directed from Washington D.C. a corporation controlled by Jews and imposed on the people of the once, United Sovereign States of North America. The people voted but it didn't matter what the end result of the count would have been. The entire thing is rigged and there are only two choices. Jews have made it easy for you. And yet the people still think that the Federal Reserve is a government enterprise and some sort of legitimate institution. Democracy got the people the education system they have which indoctrinated them into believing that nonsense. Democracy got them all believing in the Jewish Holohoax, a huge scam which has impoverished entire nations because of the horrendous amounts of money they have to pay to survivors of an imaginary event; totally dismissing the story of what Jewish Communism did to over 140,000,000 White Christians in the USSR. What reparations are there for the descendants of that horror? Don't you think the White Russians are not scarred from those days?

A story that is told in the indoctrination centres called Public Schools is that God is not real but the Jew's claim to Palestine is ordained by God. Now how does that make any sense? In those same schools the children are made to believe that just because some bloated political cockroach could write a letter to another vermin named Rothschild and legalize thereby the theft of an entire nation of people who have lived in the place for millennia and thereby justify the extermination of the indigenous population; Christians and Muslims.

Speaking of Muslims, the indoctrination centres of the Democratic nations have never taught the children how the Middle East was entirely Christian for a very long time and that Muslims began to mass murder the Christians and take over their lands so that now Muslims rule a huge amount of territory and are invading Europe and North America. The children are taught that those nasty Knights Templar, and those charitable Hospitalers went to the Middle East to effect a nasty business upon those peace loving Islamist psychopaths and that those Mohammedans had no choice but to badly hurt a captured knight before murdering him in cold blood. Some knights were roasted in their own armor. Children are not taught how bizarre are the Talmud and the Koran because that is forbidden knowledge in Democratic nations. They also are not taught much about the Bible, either and how Talmudic Judaism is reflected clearly in the Books of Deuteronomy and Leviticus; two books of the Torah. Now, because of Democracy, and women having gotten involved in politics, even gaining prime minister ships today, Muslims are allowed to invade White Nations and infect them with acid attacks, exotic diseases, strange bugs, rape, and murder because it's, 'a cultural thing.' The manure of Democracy worked wonders in the brains of White People and now they have an infestation of weeds growing at such a phenomenal rate there is not enough Round Up to contain the verdure. Jews are rubbing their hands in glee because they see the farm is working the way they want it to. Being soulless creatures and anti life, the fathers of Islam and Christianity, to be fair, see the suffocating infestation of Muslim weeds into Europe as a good thing. Jews do not want too many White People; because, just as they seem to not like olive groves in Palestine and keep rooting them up and burning the ancient trees, White People are a goodly fruit which is the Apple of Truth and an anathema to the Children of Satan and the Sons of the Devil.

Under National Socialism, Jews can not function and creatures like Harvey Weinstein would be facing a gallows. Sieg Heil. That means, *Hail Victory*.
