21st CENTURY CANNIBALISM

“We’d Love to Have you for Dinner”

Katy Perry recently revealed that she loves eating human flesh. She thinks it is very healthy for us to eat other human beings. One gets extra special health benefits from a human ham or steak. Instead of nibbling on Chinese style chicken feet, Katy may like nibbling on a hand, perhaps. Maybe she has a foot fetish. I’m not sure of that. She may even prefer a breast; like some enjoy a well prepared breast of chicken or pheasant, maybe. In South Africa, human and chimp/human hybrid meat; as in black meat, is quite readily available. Indeed several months ago a black man came on record complaining he was sick and tired of eating human meat and was looking forward to a beefsteak. In South Africa, White Meat is particularly savored because it has the very best JuJu; an open admission by black cannibals that White is superior. We White People have much greater JuJu, especially if the source of the meat was tortured for hours and hours first with whatever is available; electric drills, chain saws, screw drivers, broken bottles, knives, axes, a shovel, perhaps. And you thought the last cannibals on Earth were focused in Papua New Guinea. Given that Ms. Perry is enjoying human meat, it identifies that cannibalism is even being practiced by what appear to be White Humans; but may in fact be reptilian shape shifters or Jews; to wit the Pizza Gate story and other reveals regarding the practices of Satanists; Jews such as that sanguine witch, Abramovich who organizes special meals for blood thirsty guests.

I am reading a fascinating book which was published in 1868, before the publishing houses had been completely taken over by the Jews. In the 19th and earlier centuries, books were published revealing information which today would be considered to be highly politically incorrect. The title of the book in question is a long one, which was typical of books published in earlier centuries. ***THE NEGROES IN NEGROLAND; The Negroes in America; and Negroes Generally. Also, The Several Races of White Men, Considered as the Involuntary and Predestined Supplanters of the Black Races.*** The book is a compilation of first hand accounts by explorers, missionaries, traders, and tourists who visited Africa in the 18th and 19th centuries. The editor who collected the observations was named, Hinton Rowan Helper. He was a staunch advocate for a White America. Judging from what is revealed in his book, there is no wonder why he would have been such an advocate. The first chapter of his book is: ***Cannibalism in Negroland.*** According to this revealing book, the abominable practice is/was widespread in that Dark Continent. It has never gone away. Indeed, the aboriginal people of sub Saharan and Central Africa have not hidden their savage nature. Indeed, the way negroes murder each other in Africa, in general, is barbaric to say the least. All one has to do is look at how Hutus and Tutsis took care of each other in a conflict. Look at what goes on in Somalia. Take a good gander at Zimbabwe. Indeed, recognize the fact that the negroes of Africa are stuck in a stone aged mind set. They have never evolved beyond their tribal allegiances. Eventually these black skinned cannibals drifted south into the White Nations of Rhodesia and South Africa and have, due to their numbers taken over those nations and are reducing them to a lowest common denominator which is a country of very primitive, retarded cannibals who all believe in witchcraft; that being a universal trait which Mister Helper also reveals with first hand accounts in his remarkable book.

The Communist ANC government has openly advocated the extermination of all White People of South Africa. They are doing a very efficient job of it, so far. Stories about the effects of the official state sanctioned hiring policies are such that thousands of White People have been thrown out of their jobs with no hope of ever getting another job in South Africa. Those hapless White People, middle managers, mechanics, teachers, dental hygienists; all kinds of people have

ended up in shanty towns; living in huts made of whatever materials they could scrounge up, even cardboard boxes. The plight of the White People of South Africa is extremely tragic because of Democracy they have lost the land which their ancestors developed and turned into two great nations at one time. Indeed one measure of such achievement is the value of the nation's currency. The South African Rand was one of the most stable currencies on the planet for a very long time. Now, because negroes are running the show, in former Rhodesia, the money is not worth the paper it is printed on and the Rand is losing ground by the day as South Africa is collapsing into a fourth world cess pit where savagery becomes the norm and human heads stare at you with empty eye sockets wherever the blacks set up a kraal and skulls of strong JuJu victims are scraped to add some extra power into the daily soup for the war lord or king of the tribe in question. Thanks to Jew invented Communism and Democracy, (forget the Athens story), in order to make it easy to manipulate masses of people, the people of many nations have voted and over time, Communism has supplanted the Ideal of Democracy, which the ignoratti were duped into believing in with great fervor and zealotry. Once the Blacks outnumbered the Whites, their vote eventually resulted in a slimy little terrorist murdering cockroach who should have been hung for his crimes becoming president. Nelson Mandela and his ANC thugs formed the government, with the applause of the western nations of ignorant, under educated, over worked drones and the extermination of White People began in earnest as farm attacks began to escalate. Now, because of Democracy, a Jacob Zuma is president and he never even completed grade one.

At the end of this December, the official policy of the ANC is to seize all the land and property of White People in South Africa. Most of those people have been disarmed and are defenseless. Just as people are defenseless in all Jew infected nations where those creatures have taken over control of the government and legal industries. When the land grab begins, the murders of White People will become astronomical. Indeed there is a tragedy unfolding in South Africa which will completely destroy that nation and soak the ground with gallons and gallons of blood. Where is the United Nations? Where is the United States; the supposed harbinger of peace and democracy? They have no interest in saving the people of South Africa because the UN and the government of the USA is made up of Jewish chutzpatzers who see the extermination of White People as a necessary sacrifice to Moloch in order to bring in the Kingdom of the Jews; where there are not so many annoyingly intelligent White People to deal with. South Africa is a sign of things to come elsewhere and that is why all White People on Planet Earth have to take a serious look at this unfolding crisis. Blacks are savage by nature and those infected with the Muslim virus, are particularly dangerous because they have a hive mind set and are retarded cannibals who believe in witchcraft. They have no qualms about hacking each other to death, so, why would one think that those creatures would treat White People any better today? Most White People never heeded the wise counsel of Doctor Albert Schweitzer who devoted his entire professional life to serving blacks in Africa; since those chimp hybrids could not even invent a plank and needed help. Doctor Schweitzer said, 'the biggest mistake White People made was to give the black man the idea that we are equal.' The behaviour of negroes clearly shows us that we are not equal. We are not the same in any way other than we have similar looking bodies. They sort of look human.

The White People of South Africa need to be considered as REFUGEES. Those are the people who should be flown into our White Western Nations instead of those bug infested, diseased and retarded Muslim chimp hybrids from sub Saharan Africa. The former will help to raise your nation to greatness, whereas the latter will destroy your nation and reduce it to a hell hole. Take note of what is happening in Sweden. Seven bombs in 12 days recently. Look at the UK. Take a tour of London. Be very, very careful and watch your back. Even here in Alberta, we are already seeing Muslim monkey hybrids attacking policemen and hapless pedestrians. Girls are being threatened with decapitations in our local high schools. At what point are White People going to say, ENOUGH IS ENOUGH! and start fighting back? All those negroes who love Africa so much should be sent there and ALL Muslims must be immediately deported to the Middle East with extreme prejudice; their mosques turned into recreation centres and their weapons caches distributed amongst White People who are not armed and in need of firearms.
